

Bluewater Quilters' Guild Meeting Monday January 20, 2025 on Zoom

Joanne Kerton - Canuck Quilter Designs 'Make it Your Own'

Joanne Kerton has been quilting for over 20 years and started exploring quilt design 15 years ago; first sharing them as patterns in 2013. She has published almost 70 stand alone patterns.

Joanne's talk will focus on how to look at patterns with new eyes to make it uniquely yours. Join us as she shares tips on fabric selection, ways to change a pattern, how to mix and match elements of different patterns and the role of backgrounds, borders and binding on the overall look and feel of a quilt.

A virtual show and share of recent work by our members will also be held.
